DETAILED ACTION

Response to Amendment

The reply filed on 02/12/2010 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Newly submitted claim 1 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claims presented are directed towards a surgical probe having the electrodes (proximal and distal) and the insulator all having the same diameter (approximately the same). The present claims are now drawn towards a different embodiment wherein the outside diameters are different.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1 and 2-4 and 6-11 by dependency are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
